### **Research Experience**

Psychology Research with Dr. Christian Wilson- Summer 2007 to present day

I helped conduct research on a Stroke prevention program with Dr. Wilson at the Chestnut Ridge Hospital and I am currently constructing a project to compare rural and urban individuals on the basis of their stroke knowledge.

Biology Research with Dr. Letha Sooter- Fall 2008 to Spring 2008

I am currently conducting in vitro selection with Dr. Sooter

Microbiology Research with Dr. Gary Bissonnette- Spring 2008

I work in the microbiology teaching lab preparing lab media, lab cultures, and help set up lab experiments for microbiology courses.

**Personal Profile**

Have excellent oral, interpersonal and communication skills.

Highly dedicated to working hard and with a positive attitude.

Eager to learn and gain research experience.
